

# 5-BROMO-1-PENTENE

## Product data

CAS No.: 1119-51-3  
EC No.: 214-281-4  
Molecular Formula: C<sub>5</sub>H<sub>9</sub>Br  
Molecular Weight: 149.03  
IUPAC Name: 5-Bromo-1-pentene  
Synonyms: -

**Applications:** Intermediate for organic synthesis

### PRODUCT DESCRIPTION

Form: Clear colorless to light brown liquid  
Boiling point: 126.0 - 127.0 °C / 101.325 kPa  
Water solubility: insoluble

Specification	standard
Water content	≤ 0,01 %
Assay	min. 98 %

### SHIPPING, HANDLING AND STORAGE

- The material is packaged as requested by the customer
- Keep away from sources of ignition
- Store in a tightly closed container in a cool and dry place
